## 5.2. Using the customer's internal comment

The customer's internal comment field has been added to the sales ledgers. It can be used as needed.

As an option, information on overdue invoices when customers are called or the customer's written answers to reminders are written here.

Often, long-term debtors are the same customers to whom reminders are sent and calls are made every week. The answers are mostly the same - „we expect to receive a large order ourselves“, etc....). You can now see such information directly from the sales ledger.

### 5.2.1. Add a customer debt comment to sales ledgers
