Uute Põhi- ja väikevahendite kasutuselevõtmine

UPDATES

- Data is changed through additional documents - if you want to see data history in reports.
- Fixed Assets depreciation proportion can be calculated by objects and projects.
- The Fixed Asset depreciation can be calculated up to certain date (so far it has been monthly).
- The Fixed Assets are written-off partially (on asset change document).
- The quantity can only be 1 on Fixed Asset card.
- The quantity can be bigger than 1 on Low Value Asset card.
- New fixed asset and low value asset documents cannot be opened from the confirmation, incl. write-off document.
- Changing the financial transactions date on documents creates an inconsistency between the data in the balance sheet and the asset module.

1. Asset module new documents

- **Fixed Assets** - initial fixed asset card - created from a purchase invoice, expense, stock depreciations or filled manually.
- **Low Value Assets** - initial low value asset card - created from a purchase invoice, expense, stock depreciations or filled manually.
- **Fixed Asset Change** - document for changing tangible and intangible assets departments, users, objects, depreciation proportions e.t.c. (INV_CHANGE) .
- **Low Value Asset Change** - document for changing low value assets departments, users, objects e.t.c.

- **Fixed Asset recalculation** - document for fixed asset upward revaluation, downward revaluation and partial write-off. (INV_HIND).
- **Asset inventory** - document for making Fixed Assets and Low Value Assets inventory.
- **Asset write-off** - document for Fixed Assets and Low Value Assets write-off.

2. Adding new documents

Add new documents to the user group, who will use them

Documents																
Delete row

<input type="checkbox"/>	6	inventar_pv	Fixed assets	all	All	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Yes	<input type="text"/>							
<input type="checkbox"/>	7	inventar_muutused_vv	Low value asset change	all	All	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Yes	<input type="text"/>							
<input type="checkbox"/>	8	inventar_vv	Low value assets	all	All	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Yes	<input type="text"/>							

- Fixed assets
- Low value assets
- Fixed asset change
- Low value asset change
- Fixed asset recalculation
- Asset inventory
- Asset write - off
- Addresses

3. Organize asset classes

Asset classes must be filled correctly for proper data flow (asset type filling required - so that right cards are formed as fixed asset and low value asset cards).

Instruction : [Asset classes](#)

4. Add fixed and low value assets locations

Assets location data can be entered to the address block under the departments.

Look instructions :

- [Asukohtade aadressid](#)
- [Address on fixed asset and low value asset card](#)

5. Review the new documents instructions

Look instructions :

- [Fixed assets](#)
- [Low value assets](#)
- [Fixed asset change](#)
- [Low value asset change](#)
- [Fixed asset recalculation](#)
- [Asset inventory](#)
- [Asset write-off](#)

6. Review the general rules for new Directo documents

Instructions: [Document views of the new system](#)

7. Unfinished

- Not all new links have been added to the asset list report yet
- Not everything is ready for bulk import and export new fields
- Documents printouts are not currently included
