Project periodization

If the cell „WIP“ is marked and the project is filled in the purchase or sales invoice row, then the costs and incomes of these rows do not go directly to costs and incomes, but remain on the corresponding account.

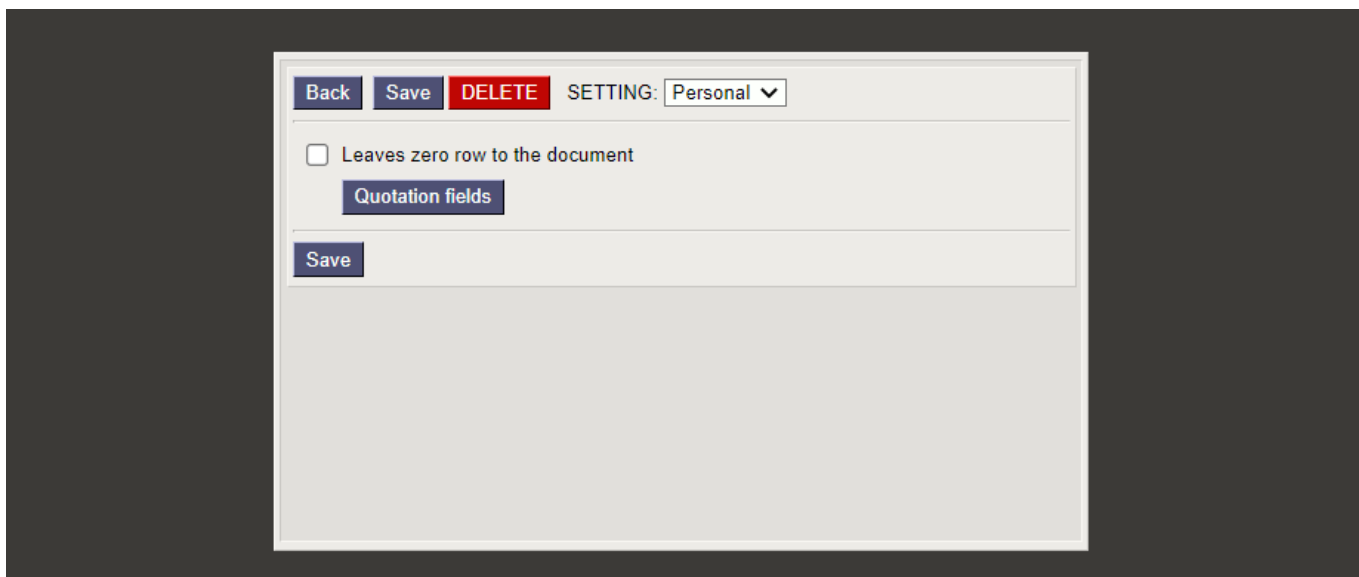

The purchase and sales invoice rows described above appear in the project periodization report.

Project periodization report is located in Common → REPORTS → **Project periodization**.

3. Operation

- The purchase and sales invoice must be created with a check mark in „**WIP**“ box
- You can **periodize by quantity, % or amount** in the project periodization report
 - **Quantity** - the % and amount are calculated corresponding to the quantity. If quantity is important it should be marked.
 - **%** - sum is calculated by % (quantity is not calculated)
 - **Sum** - % is calculated by the sum (quantity is not calculated)
- Account (row expense/income account on the original document), object, project can be changed if necessary
- Mark periodization **start and end time**
- The financial transaction is created based on the time in the **Start** field

- Press the button **Periodize**
- **A periodization row is added to the original document** and the **WIP** amount is reduced by this amount
- **Periodization transactions are added to the financial transaction**
- Periodization cannot be done in a closed period
