## 2. Sending

### 2.1. Sending of the invoice

IF sales invoice should be sent to KSEF before confirming, checkbox in sales invoice document **e-sending** should be marked.  It will be marked automatically.

The screenshot shows a software interface for creating an invoice. At the top, there are buttons for 'Close', 'New', 'Refresh', 'Confirm', and 'Save', along with a 'Status: Changed' indicator. Below these is a 'Bulk Insert...' button. The main form area contains various fields for invoice details:
 

- Invoice: 2023
- Customer, Asset, Budget, Ordered by, Survey
- Date: 27.11.2023 8:10:17
- Pay term, Due date, Trans date: 27.11.2023 8:10:17, Cust order, Sent: 27.11.2023 8:10:17, Comm.

After confirm the invoice there will be mark: **Waiting for electronic dispatching : KSEF-E-INVOICE 24.11.2023 11:25:14** and checkbox **e-sending** will not be marked.

When the invoice will be send to KSEF, mark will have KSEF document No: **Electronically dispatched : KSEF-E-INVOICE 111111111-20231127-0ACC7EDA1280-69 27.11.2023 8:12:01**

### 2.2. Errors

While confirming of the invoice, Directo check if there is correctly filled settings. If there is something incorrect - there is no possibility to confirm the invoice with checkbox **e-sending**. You will see an error message

For example, in the picture we see error message. The error is in field AdresL1

In wiki part **3. Sales invoices tags** you have to find AdresL1 field and check the setting according description:

Name	Description
<b>Podmiot1</b>	Information about the seller
Adres/AdresL1	Setting→Master Settings→Company legal address
<b>Podmiot2</b>	Information about the buyer
Adres/AdresL1	Customer fields: <b>Street, City, Postal code</b>

The errors of sending you may see in sales invoice document that has an error.
