2. Sending

 In KSEF there is no checking of duplicates.

2.1. Sending of the invoice

IF sales invoice should be sent to KSEF before confirming, checkbox in sales invoice document **e-sending** should be marked.  It will be marked automatically.

The screenshot shows an invoice form with various fields. The 'e-sending' checkbox is checked and highlighted with a red box. Other fields include Date (27.11.2023 8:10:17), Customer, Asset, Budget, and Status (Changed).

After confirm the invoice there will be mark: **Waiting for electronic dispatching : KSEF-E-INVOICE 24.11.2023 11:25:14** and checkbox **e-sending** will not be marked.

When the invoice will be send to KSEF, mark will have KSEF document No: **Electronically dispatched : KSEF-E-INVOICE 1111111111-20231127-0ACC7EDA1280-69 27.11.2023 8:12:01**

KSEF No. 1111111111 -20231127 -0ACC7EDA1280 -69

The left screenshot shows an invoice with the status 'Waiting for electronic dispatching : KSEF-E-INVOICE 27.11.2023 8:18:58'. The right screenshot shows the same invoice after being sent to KSEF, with the status 'Electronically dispatched : KSEF-E-INVOICE 1111111111-20231127-0ACC7EDA1280-69 27.11.2023 8:12:01'. A red arrow points from the first status to the second.

2.2. Errors

While confirming of the invoice, Directo checks if the settings are filled correctly. If there is something incorrect - there is no possibility to confirm the invoice with checkbox **e-sending**. You may confirm invoice with out the checkbox **e-sending** - it will not be send to KSEF.

For example, in the picture we see error message.

The error is in field AdresL1

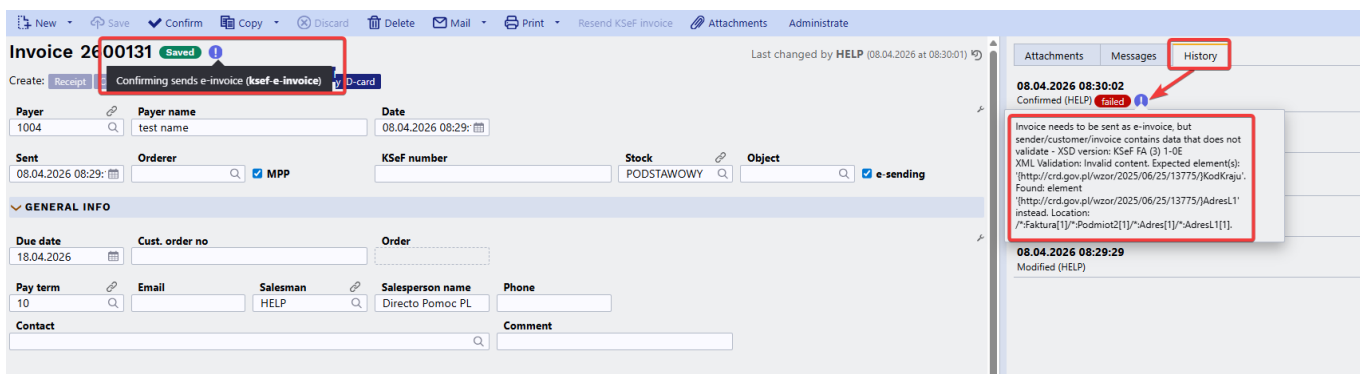

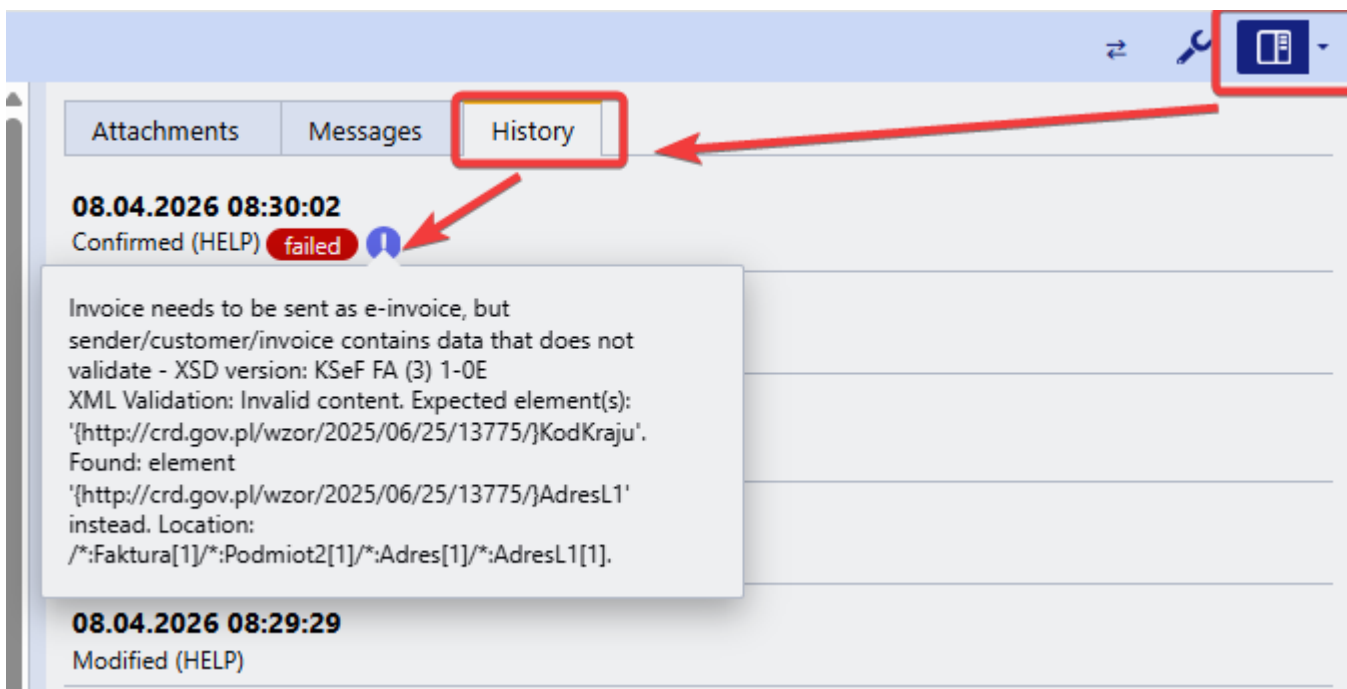

In wiki part **3. Sales invoices tags** you have to find AdresL1 field and check

the setting according to the description:

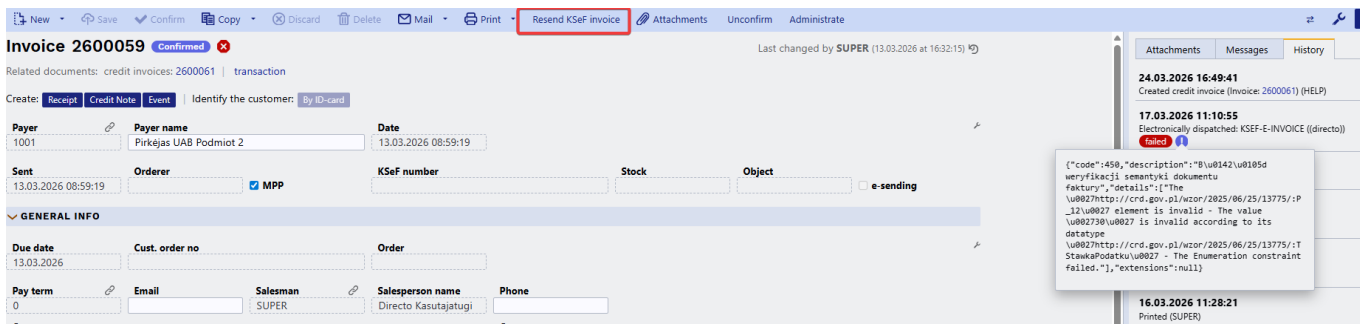

Name	Description
Podmiot1	Information about the seller
Adres/AdresL1	Setting→Master Settings→Company legal address
Podmiot2	Information about the buyer
Adres/AdresL1	Customer fields: Street, City, Postal code

Resending

After confirmation, if there will be some issues while sending invoice to KSEF you can read error messages, fix the errors and resend the invoice by using the button in sales invoice document

Resend KSeF invoice
